

School Accountability Report Card Reported for School Year 2010-11

Published During 2011-12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2011-12)

Laguna Creek High School, Making Great Things Possible!!

As we enter 2012, the mission of Laguna Creek High School remains the same - to enable students to attain standards of academic excellence that prepare them for responsible citizenship, lifelong learning and productive employment in our ever-changing world. Accomplishing this mission supports our district's mission to provide a learning community that challenges ALL students to realize their greatest potential.

Laguna Creek High School provides students with many excellent academic and extra-curricular opportunities which empower students to succeed. We have designed our academic program to support achievement through: *Personalized instruction via extended learning periods and three career academies; *High academic standards, which include model enrollment requirements in a second year of world language, visual and performing arts, and community service; *Academic guidance and skill enhancement through our school-wide Advocacy Program; *Comprehensive athletic and extracurricular programs; *After School Safety and Enrichment for Teens (ASSETs) Program from 3:00 p.m. to 6:00 p.m. each day.

Laguna Creek High School is very excited to be a new International Baccalaureate World School. The IB Diploma Programme provides Laguna Creek juniors and seniors with the most rigorous and relevant curriculum available to high school students.

Our academic programs support our district's bold goals: *100% of students will demonstrate proficiency in core academic areas *100% of 12th graders will pass the California High School Exit Exam *100% of students will be college or career ready

We expect all students to meet high academic and behavioral standards. In order to maintain a safe environment focused on learning, Laguna Creek High School has a zero tolerance policy toward weapons, violence, and drugs.

Doug Craig, Principal Laguna Creek High School

Opportunities for Parental Involvement (School Year 2011-12)

This section provides information about opportunities for parents to become involved with school activities.

We welcome parents and guardians on our campus and encourage them to stay connected to what is happening at Laguna Creek High School and in their child's education through using the web-based School Loop Program. We encourage parents to volunteer their services on our campus, and assist the school in educating their sons and daughters.

Our school has an active Parent Teacher Student Organization (PTSO) that supports all student clubs and athletic teams as well as Sober Grad Night. Our Concerned African American Parent (CAAP) group was formed in the summer of 2007 to work with the Laguna Creek High School staff to eliminate the academic achievement gap for all students. Parents of English Learners are also encouraged to join the English Learners Advisory Committee. For more information, please contact the school at 683-1339.

III. School Climate

School Safety Plan (School Year 2011-12)

In addition to six full time Campus Supervisors, LCHS employs a School Resource Officer in a partnership with the Sacramento County Sheriff's Department. The school's Safety Plan was reviewed and modified in July of 2011. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Security staff monitors all after-school events, such as games and dances. The district's Police Services Department works closely with our school site to provide a safe and secure environment for all students.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2008-09	2009-10	2010-11	2008-09	2009-10	2010-11

Expulsions	0.5	1.04	1.40	0.3	0.67	0.65

*El rango de las suspensiones y las expulsiones es calculada dividiendo el número total de los incidentes por el número total de la matriculación.

IV. School Facilities

School Facility Conditions and Planned Improvement (School Year 2011-12)

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this facility survey shows no corrective actions needed. Our school has 85 classrooms, a multipurpose room, a library, an administration building, two gyms, a weight room, a dance room, a black box theatre, and two all-use computer labs. The main campus was built in 1994. An addition to the multipurpose room was constructed in 1999-2000. Fifteen of the 85 rooms are temporary portables that have been on site since 1999 when over 3000 students attended Laguna Creek High School.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or the district Facilities Department. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

There are no corrective actions necessary at this time.

Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2010-11)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>.

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. **Basic/unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the *CDE Current Expense of Education & Per-pupil Spending* Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the *CDE Certificated Salaries & Benefits* Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2011-12)

At our school, we have highly qualified staff to assist students with special learning needs. Our English Learners receive support in transitional classes, allowing them to access the core curriculum, and are placed in classes to learn English as needed. Gifted and Talented students participate in Honors courses, Advanced Placement courses, and our newly added International Baccalaureate Diploma Programme. Students who need extra tutoring or homework help can receive departmental help. Other special programs offered include: Manufacturing Production and Technology Academy, Business Careers Pathway, the Sports Sciences Career Academy, our new Green Energy Technology Academy, and AVID. The ASSETs After School Program provides academic support opportunities, a study hall, credit recovery classes, and enrichment activities. ASSETs hours are Monday through Friday from 3:00 p.m. to 6:00 p.m.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API** rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	6	6	5
Similar Schools	7	6	7

API Changes by Student Group – Three-Year Comparison

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010-11)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate - English-Language Arts	Yes	Yes
Met Participation Rate - Mathematics	Yes	Yes
Met Percent Proficient - English-Language Arts	No	No
Met Percent Proficient - Mathematics	No	No
API	Yes	Yes
Met Graduation Rate	Yes	Yes

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
Program Improvement Status	NA	In PI
First Year of Program Improvement	NA	2009-2010
Year in Program Improvement	NA	Year 3
Number of Schools Currently in Program Improvement		12
Percent of Schools Currently in Program Improvement		18.2

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

Graduation Rate	93.89	92.41	92.28	87.13	86.71	87.70	80.21	78.59	80.44

Note: The 2009-10 graduation data are calculated using the 4-year cohort graduation rate. The new cohort rate should not be compared to

the 2007-08 and 2008-09 NCES graduation rates.

Completion of High School Graduation Requirements

This table displays, by student group, the percent of students who began the 2010-11 school year in grade twelve and were a part of the school's most recent graduating class, meeting all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

Career Technical Education Programs (School Year 2011-12)

This section provides information about the Career Technical Education (CTE) programs and lists programs offered at the school.

Our school prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Our teachers have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Advisors/Guidance Counselors offer additional support. At Laguna Creek High School, we have four courses of study that can provide students with an introduction to a technical career. These courses of study are our Manufacturing Production Technology Academy (MPTA), Sports Careers Academy (SCA), Green Energy Technology Academy (GETA), and the Business Careers Pathway (BCP). The first three listed are state funded by the California Partnership Academy grants. Regardless of the career path chosen, Laguna Creek High School makes every effort to work with the students to ensure that they meet district and state graduation standards.

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

For 2011-2012, our school continues to have a professional development emphasis in the use of professional learning communities and culturally responsive teaching. Teachers attend weekly late start meetings in which students come to school one hour later. Teachers use this time to meet and review student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs. Our school also receives a limited amount of Title II Funding that provides money for teachers in the core academic areas for release days where they focus on evaluating and developing curriculum. Teachers continue to be trained in IB methodology as we expand the number of staff trained to teach in the IB Diploma Programme. Finally, the district offers a variety of classes for support staff. Para-educators, school secretaries, office assistants, and custodians may take classes that relate to their work such as learning new computer skills, learning to work more efficiently, and learning ergonomically correct processes.
